Disclaimer

By accessing this presentation, you agree to be bound by the following terms and conditions. This presentation (which may reflect some price-sensitive information in terms of SEBI regulations and Companies Act, 2013, as amended from time to time) has been prepared by Muthoot Microfin Ltd Limited (the “Company”). The Company may alter, modify or otherwise change in any manner the contents of this presentation, without obligation to notify any persons of such change or changes.

This presentation may contain certain “forward-looking statements”. These statements include descriptions regarding the intent, belief or current expectations of the Company or its management and information currently available with its management, including with respect to the results of operations and the financial condition of the company. By their nature, such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, and actual results may differ from those in such forward-looking statements as a result of various factors and assumptions that the Company believes to be reasonable in the light of its operating experience in recent years. Many factors could cause the actual results, performances, or achievements of the Company to be materially different from those contemplated by the relevant forward-looking statement. Significant factors that could make a difference to the Company’s operations include domestic and international economic conditions, changes in government regulations, tax regimes, and other statutes. There may be additional material risks that are currently not considered to be material or of which the Company and its advisors or representatives are unaware. Against the background of these uncertainties, readers should not rely on these forward-looking statements. Neither the Company nor any of its advisors or representatives, on behalf of the Company, assumes any responsibility to update or revise any forward-looking statement that may be made from time to time by or on behalf of the Company or to adapt such forward-looking statement to future events or developments.

This presentation contains certain supplemental measures of performance and liquidity that are not required by or presented in accordance with Ind AS, and should not be considered an alternative to profit, operating revenue, or any other performance measures derived in accordance with Ind AS or an alternative to cash flow from operations as a measure of liquidity of the Company.

Strong growth in the Company with use of Technology

- The company showcase strong growth with acquisition of more customers, expansion of network of the company. More emphasis on technology, use of Digital Collections.
- The CAR is improved due to primary infusion into the Company by way of IPO net of expense is INR 7,040 million. The balance sheet is strong with adequate liquidity and strong ALM.
- The NPA numbers are stable on the back of strong collections. The TN floods wont impact materially as the clients are enrolled in Natural Calamity insurance.
- Last 4 quarters, the company consistently reporting 4% above RoA. The Operating expense and Cost of Fund is expected to improve coming quarters. Last 6 months incremental Cost of Fund is 10.41%.
- The RoE will be diluted in the immediate future quarters on the back of Capital infusions.

Our Community Connect Activities

Muthoot Microfin holds mega medical camps in Punjab

A Muthoot Prappachan Group Company

Muthoot Microfin holds mega medical camps in Punjab

Muthoot Microfin organised mega medical camps at Chawinda Devi, Tarn Taran, Moga, Zira, Phagwara, Barnala, Sangrur, Patran, Nabha and Rajpura villages of Punjab between July 22 to Aug 22, 2022. The primary objective of the initiative was to create awareness among the villagers on preventive healthcare.

More than 1,000 villagers benefitted from the program conducted across the regions. The program held with the support of renowned doctors urged people to take care of their health and implement necessary lifestyle changes in accordance to prevailing pandemic conditions.

The event created awareness on blood donation, conducted eye, dental and multispecialty health check-ups. The doctors created awareness on lifestyle diseases and shared health tips to live healthier lives.

Local authorities applauded Muthoot Microfin for organising the health camps and local media covered the event prominently. All the staff from the ten branches in the camp conducted regions coordinated efforts for the successful program.

Muthoot Microfin holds flood relief activity in Junagadh

Muthoot Microfin organised a flood relief activity at Junagadh, Gujarat on 8th August 2023. Our Junagadh staff volunteers served grocery kits containing essential commodities to flood-hit families in Khadiya Vistar, Kadiyavad, Dolatpura, & 66KV areas of Junagadh where the recent heavy rains affected the livelihood of several families. More than 100 households benefitted from this outreach program.

In the aftermath of the devastating rains, MML's compassionate group sprang into action with necessary food and groceries to the affected area.

All the staff of Junagadh branch along with DCM- Naresh Chauhan, ZM-Prajapati Pradip, Sr.RM- Panchal Bhavesh, DM-Ketan Prajapati, AM- Oza Santosh, BRM- Piyush Makwana coordinated for the success of the event. The branch's efforts provided not just sustenance but also a sense of hope and support during a challenging time.

This initiative serves as a powerful reminder of the positive impact that our community outreach activities can play in supporting the communities in times of crisis thereby making a meaningful difference in their lives.

Glossary

Particulars	Definition
Cost of Borrowing(%)	Cost of borrowing represents annually weighted average interest cost on borrowings, weights being annual average borrowings. Borrowings include debt securities, subordinated liabilities, and borrowings (other than debt securities)
Cost to Income Ratio	Cost to Income ratio is the ratio of the aggregate of our fees and commission expenses, employee benefit expenses, operating expenses and depreciation and amortisation expense to total income net of finance cost for the relevant period.
Credit Cost Ratio	Credit cost represents impairment on financial instruments for the relevant period as a percentage of average monthly gross outstanding loan portfolio.
Debt to Equity (D/E)	Debt to equity represents the ratio of our Total Borrowings to our Net Worth.
Gross NPA ratio (GNPA)	Gross NPA ratio represents the ratio of our Stage III assets to total outstanding loan portfolio. Total outstanding loan portfolio represents the aggregate of future principal outstanding and overdue principal outstanding, if any, for all loan assets held by our Company as of the last day of the relevant year, gross of impairment allowance.
Net Interest Margins	Net Interest Margin is the ratio of our Net Interest Income to our average monthly gross loan portfolio. Our average monthly gross loan portfolio is the simple monthly average of our gross loan portfolio for the relevant period.
Net NNPA ratio (NNPA)	Net NPA ratio represents the ratio of our Net NPA to Net Outstanding Loan Portfolio as at the end of the relevant period. Net Outstanding Loan Portfolio represents total outstanding loan portfolio reduced by impairment allowance
Pre-provision operating profit before tax (PPOP)	Pre-provision operating profit before tax represents the sum of profit before tax for the relevant period and impairment on financial instruments for such period.
Provision Coverage Ratio	Provision Coverage Ratio (%) represents the ratio of total impairment allowance on term loans (gross) to Stage III Assets (Gross NPAs) for the relevant period.
Return Equity (ROE)	Adjusted RoE is determined by factoring Capital Infusion*Number of days after infusion in the year/number days in the year and adding the average of OCI to the opening Equity.
Return on average gross outstanding loan portfolio (ROA)	Return on average gross loan portfolio represents profit for the relevant period as a percentage of annual monthly average gross loan portfolio for such period.
CRAR	The capital to risk assets ratio (CRAR) is calculated as capital funds (Tier I capital plus Tier II capital) divided by risk-weighted assets (the weighted average of funded and non-funded items after applying the risk weights as assigned by the RBI).
Operating Expense	Operating Expense ratio represents the sum of operating expenses as a percentage of average monthly gross outstanding loan portfolio.
