

MUTHOOT FINCORP WINS ET FAMILY BUSINESS OF THE YEAR – LARGE

Muthoot FinCorp has been recognised as the Family Business of the Year – Large at the ET Family Business Awards 2026, celebrating its nearly 140-year legacy, resilience and evolution across generations. The recognition highlights the Group's ability to adapt to changing business environments while staying rooted in its core values. Speaking on the occasion, Thomas John Muthoot, Chairman, Muthoot FinCorp, reflected on the challenges faced throughout the journey and the importance of perseverance, learning and enduring through changing times.

As part of the Muthoot Pappachan Group, Muthoot Microfin shares the Group's commitment to building sustainable businesses while creating meaningful impact through financial inclusion. With a legacy shaped by resilience, adaptability and strong values, the recognition of Muthoot FinCorp reflects the broader Group's journey and its continued focus on creating long-term value for its stakeholders.

SWEETENING SUCCESS

Rita Kumari

Client ID: 1005250000012559

The aroma of freshly prepared sweets has been a familiar part of Rita Kumari's mornings for the past ten years. In Bishanpur Arar Ghat, Madhepura, Bihar, her sweet shop has become a trusted destination for customers in the locality. As more customers returned for her products, she recognised that meeting growing demand would require her business to grow alongside it.

Looking to expand her enterprise, Rita availed a loan of ₹1,50,000 from Muthoot Microfin Limited with her first Individual loan. The funding enabled her to purchase additional stock and make improvements to her shop, ensuring she could better serve the increasing number of customers and strengthen her business.

The investment soon began to reflect in her business performance. Today, Rita's sweet shop generates a weekly income of approximately ₹10,000 to ₹15,000, providing greater financial stability and enabling her to support her family more comfortably. The growth has reinforced her confidence in continuing to develop a business she has nurtured with dedication for over a decade.

Reflecting on her experience, Rita appreciates the smooth loan process and the guidance she received throughout. For her, the loan represented an opportunity to build on years of hard work and respond to the growing needs of her customers. As she looks ahead, her focus remains on further strengthening her sweet shop, serving her community with the same commitment and ensuring that every new opportunity contributes to the steady growth of her enterprise.

A BRIGHTER OUTLOOK

**Kumari Radhana
Prajapati**

Client ID: 1009160000005902

A beauty parlour is often a place where small changes make a visible difference. For Kumari Radhana Prajapati, that idea extends to the business she has built for herself—a beauty parlour and cosmetic shop that has steadily become an important source of income for her family of five.

As her business began to take shape, Radhana wanted to offer her customers more than what her parlour could initially provide. Expanding the cosmetic section and strengthening the parlour were important steps towards serving her customers better, but doing so required additional capital. This led her to avail her first Individual Loan of ₹1,50,000 from Muthoot Microfin Limited.

With the financial support, Radhana was able to put her plans into action. She expanded her beauty parlour and cosmetic shop, giving her customers access to a wider range of products and services. The changes also helped her run the business more efficiently and make better use of the opportunities around her.

The progress soon found its way into her earnings. Her weekly income, which was around ₹4,000, has now increased to ₹8,000, marking a significant improvement in her family's financial position. For a household of five, the increase has brought greater stability and made the effort behind her business feel even more rewarding.

Radhana is pleased with how far her business has come. She credits the support she received from Muthoot Microfin for helping her move ahead when she was ready to expand. With a stronger business and improved financial standing, she continues to look after her customers while building on what she has achieved.

NEWS

Blue Knight Awards 2026: Vision meets proven achievement

Muthoot Microfin's leadership gathering in Goa brought together two days of strategic discussions, alignment and celebration. The first day focused on the Business Review Meeting, providing an opportunity for the leadership and department heads to review performance, assess projections, strengthen cross-functional support and align priorities with the organisation's long-term 30-30 Vision. The second day shifted the focus from business priorities to the people behind the organisation's progress, culminating in the Blue Knight Awards 2026. The awards recognised employees for their exceptional performance, dedication and contribution, celebrating the individuals who continue to make a meaningful difference to Muthoot Microfin's journey. Together, the two days reflected an important balance, sharpening the vision for tomorrow while recognising the people who are making it possible today.

Building Better Benchmarks in Human Capital Sa-Dhan HR Conclave 2026

The Sa-Dhan HR Conclave 2026, held on 21 July in Kochi, brought together over 100 HR leaders and MFI executives from across India to exchange insights on talent strategy, organisational culture and the future of work in financial inclusion. Representing Muthoot Microfin, Udeesh Ullas, COO, and Subhransu Pattnayak, CHRO, participated as speakers, sharing their perspectives on strengthening human capital and driving HR excellence in the sector. Asha Anand, EVP-HR, Muthoot Microfin, also participated in the conclave, contributing to the organisation's collective representation at the event.

The recognition and participation of Muthoot Microfin's HR leadership team reflect the organisation's continued focus on building a strong, people-centric workplace and advancing progressive practices across the financial inclusion ecosystem.
